Welcome to XAMPP for Windows 8.2.12

You have successfully installed XAMPP on this system! For more information, find more info in the [FAQs](#) section or check the [HOW-TO](#) guides.

XAMPP is meant only for development purposes. It has a default configuration that is insecure if you want to have your installation accessible to the Internet.

Start the XAMPP Control Panel to check the server status and manage the services.

Community

XAMPP has been around for more than 10 years -- there is a large community of users. Liking us on [Facebook](#), or following our exploits on [Twitter](#).
